

Safety Data Sheet

Silica Booster

Non-Hazardous Substance, Non-Dangerous Goods

1. Identification of the Material and Supplier:

Product Name: Silica Booster
Recommended Use: Organic Fertiliser and Soil Conditioner.
Supplier: Orko Fertilizers Pty Ltd trading as Queensland Organics
65 Potassium Street
Narangba Qld 4504
Email: admin@qldorganics.com.au
Telephone: +61 7 3202 1379
Facsimile: +61 7 3203 1425

2. Hazards Identification:

UN No : None Allocated
Hazchem : None Allocated
ADG : None Allocated, not a Dangerous
Classification Good : None Allocated
Class : None Allocated
Poisons Schedule

Not classified as hazardous according to the criteria of Safe Work Australia.

3. Composition and Information on Ingredients:

A mixture of composted manure, sulfate of potash, blood & bone, rock minerals, fish meal and seaweed. The ingredients are determined not to be hazardous according to Worksafe criteria.

Uses: Organic fertiliser and soil conditioner.

Physical Description/Properties:

Appearance: A blend processed into a dark brown pellet. Pellets are approximately 10mm long and with a diameter of 4 - 5 mm. The pellets are sieved to minimise dust.

Odour: Organic
Solubility: Partly soluble in water.
Flashpoint: Not flammable.

Safety Data Sheet

4. First Aid Measures:

General Information:

You should call The Poisons Information Centre (13 11 26) if you believe you have been poisoned, burned or irritated by this product

Swallowed: Rinse mouth with water. Seek medical advice.

Eye: Irrigate with copious quantities of water for fifteen minutes. In all cases of eye contamination it is a sensible precaution to seek medical advice.

Skin: Wash contaminated skin with plenty of soap and water. Remove contaminated clothing and wash before re-use. If irritation occurs seek medical advice.

Inhaled: Remove victim from exposure. If irritation occurs and persists seek medical advice.

Advice to Doctor.

Treat symptomatically.

5. Fire Fighting Measures:

Fire and Explosion Hazards: Combustible material. There is no risk of an explosion from this product under normal circumstances if it is involved in a fire.

Avoid extreme heat. On heating some materials may emit toxic fumes.

Suitable Extinguishing Media: Not combustible. Use extinguishing media suited to burning materials. Wear breathing apparatus when fighting a fire containing these materials

6. Accidental Release Measure:

Spills: Sweep up, but avoid generating dust. Collect and seal in properly labelled containers for reuse. Do not contaminate streams, rivers or water courses.

Safety Data Sheet

7. Handling and Storage:

Store in a dry, cool and well-ventilated area out of direct sunlight. Containers should be kept closed.

Keep out of reach of children and animals.

Keep away from extreme heat and open flames.

8. Exposure Controls and Personal Protection:

Exposure Standards: Exposure limits are unlikely to be reached under normal use.

Engineering Controls: Avoid generating and inhaling dusts. Use in well ventilated area. Ensure air concentrations are below quoted Exposure Standards. Keep containers closed when not in use.

Personal Protection: Avoid eye contact and repeated or prolonged skin contact. Wear gloves and wash hands and contaminated skin after handling. Avoid generating and inhaling dusts. If dust exists, wear dust respirator meeting the requirements of AS/NZS 1715/6. Always carry out good personal hygiene and wash hands before eating, drinking or using the toilet.

9. Physical and Chemical Properties:

Physical State:	A blend processed into a dark brown pellet. Pellets are approximately 10mm long and with a diameter of 4 - 5 mm. The pellets are sieved to minimise dust.
Odour:	Organic
Solubility:	Slightly soluble.
Specific Gravity:	0.7 kg/l
Vapour Density:	Not available
Vapour Pressure (20 °C):	Not available
Flash Point (°C):	Not applicable
Melting Point/Range (°C):	Not available
Decomposition Point (°C):	Not available
Auto ignition Temp(°C):	Not applicable

Safety Data Sheet

9. Stability and Reactivity:

Stability: Stable under normal conditions of use.

Conditions to avoid: High heat, flames, foodstuffs.

Incompatible Materials: Combustible materials, herbicides, fungicides, oxidising agents.

Fire Decomposition: Fire decomposition may form toxic mixtures in confined places, including ammonia, oxides of nitrogen and carbon.

Hazardous reactions: None known.

11. Toxicological Information:

Symptoms or effects that may arise are:

Ingestion: Swallowing large amounts may result in nausea, vomiting, abdominal irritation and diarrhoea.

Eye Contact: Fine dust may be an eye irritant.

Skin: Prolonged skin contact may cause irritation. Skin abrasions and sores may be aggravated by contact.

Inhaled: Inhalation of dust may result in respiratory irritation of the nose and throat and may cause coughing.

12. Ecological Information:

The Product is natural and organic.

Eco toxicity: Do not contaminate waterways. Not expected to be a contaminant.

Bioaccumulation: Low

Safety Data Sheet

13. Disposal Considerations:

Refer to local government authorities for disposal recommendations.

14. Transport Information:

Australian Code for the Transport of Dangerous Goods by Road and Rail: Not defined as Dangerous Goods by the Australian Code for the Transport of Dangerous Goods by Rail and Road.

15. Regulatory Information:

Based on available information, not classified as hazardous according to criteria of Safe Work Australia

16. Other Information:

For clarification or further information please contact the Supplier directly.

The SDS summarises to the best of our knowledge the health and safety hazards of the product and how to safely handle and use the product. Please review your workplace risk assessment criteria in the context on how the product will be handled and used in the workplace.

Our responsibility for the product is subject to our standard terms and conditions of sale.
